Program Guide

Version
2026.05.01

WELCOME

Fraternal Greetings, Companion!

The Grand Chapter of Royal Arch Masons of Florida and the Grand Council of Royal and Select Masters of Florida are pleased to provide this guide as you begin your journey through the Signet Award Program. This resource is organized into several sections designed to help you understand the program, track your progress, and participate fully in its opportunities.

If you have questions not addressed in this guide, please contact the Committee Chairman using the information provided in the final section.

REQUIREMENTS

The Signet Award Program recognizes Companions who actively participate in the work and life of the Lodge, Chapter, and Council while contributing to the growth and development of both themselves and their fellow Masons. Unique to Florida's York Rite bodies, the program was inspired by the Scottish Rite Southern Jurisdiction's "Double Eagle Award" program and is intended to promote participation, education, mentorship, leadership, and service within the York Rite.

A Companion may begin participating in the program upon his exaltation to the Holy Royal Arch.

Points may be earned across multiple activity categories. Companions may track and submit their own activities, or a York Rite body may designate a Companion to manage submissions on behalf of its members. Activities may be reported through paper forms submitted by mail or email, or entered directly through the Signet Program website. Instructions for online point entry are included within this guide.

WHAT ACTIVITIES EARN POINTS?

A wide variety of activities qualify for advancement within the Signet Program. In many respects, the program functions as a "choose your own path" experience, allowing each Companion to engage with the fraternity in ways that align with his interests, talents, and goals.

Some Companions may focus on ritual work, degree participation, or leadership service. Others may pursue Masonic education, mentorship, charitable support, committee work, or fellowship activities. The program is intentionally designed to recognize the many different ways a Companion may contribute meaningfully to the Craft.

The fraternity offers multiple avenues for personal growth and service, and the Signet Program reflects that diversity. Its structure is both comprehensive and inclusive, recognizing contributions that strengthen the individual Companion, support fellow Masons, and advance the broader mission of our York Rite bodies.

Activities are grouped into four primary categories:

1. Fraternal / Educational Activities
2. Blue Lodge Activities
3. Chapter Activities
4. Council Activities

For each activity listed in this guide, required submission details are also provided to help streamline the approval and verification process.

****A couple of small notes about what presently does not count.**

1. Participation in activities of the York Rite's allied or appendant orders, e.g., Knight Masons, AMD, etc. does not count in this program. Only the chapter, council, and blue lodge.
2. Education courses related to the Scottish Rite (e.g., Master Craftsman, etc.) or the Commandery (e.g., Bible Project, Certified Chaplain, etc.). The Scottish Rite has a Knight of the Double Eagle program where these may be counted (if your Valley does so). The Grand Commandery of Knights Templar of Florida has not decided to participate in this program at present.

The Signet Award Committee may periodically review and revise the activities that qualify for program progression. These revisions may include adding or removing qualifying activities or adjusting the number of points awarded for specific activities. Any such changes will apply prospectively only and will not affect points earned prior to the revision.

Companions are encouraged to share suggestions for additional activities that may merit inclusion in the program. Questions regarding whether a specific activity qualifies for points should be directed to the Program Committee Chairman, whose contact information is provided at the end of this guide.

Note: You can also view these activities on the Signet Program website. Click the “Activities” item on the left-hand menu.

PROGRESSION IN THE PROGRAM

Advancement in the Signet Program is based upon the accumulation of points earned through qualifying activities. As Companions progress through the program, different elements of the Signet Jewel evolve to reflect their advancement.

In the early stages, magnetic stones are added to the jewel in a prescribed arrangement. Once all stones have been earned and placed, continued progression is recognized through changes in the neck ribbon. After reaching the final ribbon level, additional advancement is marked through the addition of pin devices attached to the ribbon itself.

The Signet Program is intentionally designed as a long-term journey of sustained participation and development, rather than a program completed within a short period of time. While progression will vary by individual Companion, it is anticipated that an active York Rite Mason may require approximately five to seven years—or longer—to complete the jewel and attain the Gold Ribbon.

- Upon Exaltation Basic Medallion w/ Green Ribbon
- 1,000 Green stone
- 2,500 Black stone
- 5,000 Blue stone
- 7,500 Purple stone
- 10,000 Red stone
- 12,500 White stone
- 15,000 Gold stone
- 20,000 Black Ribbon
- 25,000 Blue Ribbon
- 30,000 Purple Ribbon
- 35,000 Red Ribbon
- 40,000 White Ribbon
- 45,000 Gold Ribbon
- 50,000 Triple Tau Pin for ribbon (each additional 10,000 points)

**Note: As you earn the stones for your jewel, we recommend adding a dab of superglue to the back of the stone.* While the stones are attached to the jewel magnetically, the addition of a small amount of superglue will further help ensure the stone does not inadvertently come loose.*

ENTERING POINTS

You must sign in to the Signet website to enter your points. From the Home Dashboard, click the down arrow next to “Signet Award Program” to expand the menu. From here, you can do several things.

1. Enter points by clicking “Register Activity.”
2. View the Leaderboard of points for everyone in the program by clicking “Leaderboard.”
3. See your full listing of activities and points by clicking “Activities.”
4. Learn a little more about the program itself by clicking “About the Program.”

Below is a screenshot of the “Register Activity” page.

The screenshot shows the 'Register Signet Award Activity' page. At the top, it says 'Beginning date for activities is May 1, 2025 with very few exceptions (Perpetual Membership, for example). See [Signet Award Program guide](#) for more information.' Below this is a progress bar with five steps: 1. Select Companion, 2. Select Activity, 3. Add Justification, 4. Specify Quantity, and 5. Add Activity to Queue Table. Step 1 is currently active. The main content area is titled '1. Select a Companion' and features a dropdown menu with 'TEST USER' selected. There are 'Previous' and 'Next >' navigation buttons. Below the main content is an 'Activity Queue' table with columns for Date Recorded, Companion, Activity, and Justification. The table is currently empty, showing 'No Activities to show.' At the bottom, there are buttons for 'BACK TO SIGNET AWARD PROGRAM HOME' and 'SAVE'.

First, select your name from the dropdown menu “1. Select a Companion”. Then click “Next >” on the right side.

Next, you will **select the activity you wish to register**. The default is to show you all possible activities. You may tick one of the buttons to have the list filtered by specific activity categories, such as Blue Lodge, Chapter, etc. After you have selected an activity, click “Next >” on the right side.

The screenshot shows the 'Register Signet Award Activity' page at Step 2: Select an Activity. The progress bar now highlights Step 2. The main content area is titled 'Step 2. Select an Activity (You can filter by selecting a Category)'. There are radio buttons for 'All', 'Fraternal / Educational', 'Blue Lodge', 'Chapter', and 'Council'. A search box is present, and a dropdown menu shows a list of activities: '[0] FRATERNAL / EDUCATIONAL: Exalted to the Royal Arch Degree (once)', '[5] FRATERNAL / EDUCATIONAL: Listen/view a masonic podcast or video (per instance)', and '[25] BLUE LODGE: Attend a function, meeting, event, etc.'. There are 'Previous' and 'Next >' navigation buttons. Below the main content is an 'Activity Queue' table with columns for Date Recorded, Companion, Activity, and Justification. The table is currently empty, showing 'No Activities to show.' At the bottom, there are buttons for 'BACK TO SIGNET AWARD PROGRAM HOME' and 'SAVE'.

You will now see the Justification section. Here is where you **enter some details about the activity** you selected. Once you’ve done that, click the **+ Add** button and you will see it populated into the *Justification:* line just below. Then click “Next >” on the right side.

The screenshot shows the 'Register Signet Award Activity' page at Step 3: Enter Justification. The progress bar now highlights Step 3. The main content area is titled 'Step 3. Enter Justification by first selecting the date, then write the activity details.' There is a date field with '05/05/2026' and a calendar icon. Next to it is a text input field with the placeholder 'Enter activity details here...'. To the right of the input field are '+ ADD' and 'X CLEAR' buttons. Below the input field, it says 'Justification: No justification yet.' There are 'Previous' and 'Next >' navigation buttons. Below the main content is an 'Activity Queue' table with columns for Date Recorded, Companion, Activity, and Justification. The table is currently empty, showing 'No Activities to show.' At the bottom, there are buttons for 'BACK TO SIGNET AWARD PROGRAM HOME' and 'SAVE'.

Next, you will enter the quantity of that type of activity you wish to enter. You can increase or decrease this number by clicking the up or down arrows.

This is particularly helpful if you are going to record multiple activities at once, e.g., Attend a lodge function... I want to record the 10 Blue Lodge functions I attended over the past several months. I would select Quantity 10.

SYMBOLISM OF THE SIGNET JEWEL

The Signet

The front side of the jewel displays the Signet of Metatron. This is a sacred *three-dimensional* geometric symbol comprised of all the symbols found within Freemasonry. It is generally considered a symbol of transformation and spiritual growth, alluding to the connection between the divine and earthly realms (i.e., the celestial and terrestrial). You will also observe the arrangement of the stones form a miniature version of the Kabbalistic “Tree of Life.” The progression of the program (as demonstrated through the stones and the neck ribbons) is also meant to signal the personal growth and development of the individual companion.

We begin with Green, a symbol of rebirth, harmony, growth, vitality, and renewal. Green is therefore appropriately placed in the center of the signet from which your further growth shall emanate. Next we move into black, which, from an alchemical perspective, represents lead. The black stone also represents the bottom sephiroth of the Tree of Life, Malkuth (the physical world or material realm of existence). You then progress through the colors of the Royal Arch veils: from Blue to Purple, then Red, and then White. In the ancient Christian Mysteries, the colors black, red, and white represented the three stages of death, resurrection, and ascension. These three colors also represent the stages of alchemical transformation: death, perfection, and completion. White (being emblematic of completion in the alchemical context) represents the spiritual man from the material.

The final progression is toward Gold and completes the jewel. The ancient alchemist sought to transform lead into gold; therefore, it becomes fitting that we complete the jewel with this color. The gold stone is placed at the top and represents the crowning sephiroth, Kether (the emanations of Deity, divine attributes, or “hidden Light.” It is Kether that sits atop the Tree of Life, influencing and shaping the other sephiroth. It should not come as a surprise to you that the archangel that is associated with Kether is Metatron, also known as the Prince of Countenances—he who bringeth others before the face of God.

As you reach this pinnacle of the program, you will doubtless be able to look back upon your journey of many years with a deep sense of pride for the effort you have put forth. Take pride in this reflection, and the Companion who wears the gold ribbon is one who represents the energies of a zealous and true Mason. Don’t be surprised if younger Companions seek your guidance and wisdom, for yours has been a long road of dedication and perseverance. You have much wisdom and insight to share!

Metatron

On the reverse of the jewel is a depiction of the Archangel Metatron, the Chancellor of Heaven and one of the leaders of the Seraphim. The Seraphim are the highest ranking of the nine choirs of angels and are the angels closest to God. Metatron is the most important angel in Jewish lore, which probably accounts for his name, which means “the throne beside the throne of God.” According to legend, Metatron was originally Enoch, a man who lived for 365 years on earth before “God took him” and turned him into an angel (Gen. 5:23-24). Enoch had been a scribe before his transformation and continued to work as God’s secretary. According to Masonic lore, Enoch was responsible for building the original crypt or vault to house the name of God. It is this vault that Solomon would make his deposit within, and it is from this vault that the progenitor of our Capitular and Cryptic system is derived.

In Jewish belief, Metatron is believed to carry the prayers of the faithful directly to God. According to the Zohar and the Talmud, two Jewish sacred texts, Metatron combines both human and angelic perfection. Metatron is sometimes associated with the angel who guided the Israelites during the Exodus from Egypt. Although the name Metatron does not appear in the Torah or the biblical account of the Exodus, his association with the Exodus stems from interpretations of biblical passages like Exodus 23:20-23, where God speaks of sending an angel to guide and protect the Israelites. The direct, explicit connection between Enoch and Metatron originates from the Jewish apocryphal Third Book of Enoch (3 Enoch), also known as the Book of the Palaces or the Book of Rabbi Ishmael the High Priest, and the Elevation of Metatron.
